to night clerk John VanHouten who stated that Kenneth came to the desk and stated that he was staying in room #410 and had lost his key. John states he asked for identification and Kenneth provided a driver's license. John states that he told Kenneth that there was no room in his name and Kenneth replied that he was staying with a friend Richard Loos and that the room must be in his name. John then confirmed Richard Loos was staying in room #410 and gave Kenneth a new key. John states that a short time later Kenneth and an unknown woman then came down and were arguing as they left the hotel. CPD officers responded to 28 Fieldstone Ct to attempt to locate both Patricia and Kenneth Weiss. At this time Patricia's safety was the main focus of our efforts as it was believed that she had been forcefully taken against her will. Attempts to contact her by phone were negative and no one was answering the door at her residence. After approximately 20-30 minutes Kenneth Weiss 02 1680 came to the door and was advised that we were looking for his mother Patricia and that we were concerned for her safety. Kenneth stated that his mother and father were not there, we advised Kenneth that we wanted to check the residence anyway to make sure. During the check of the residence the Weiss children listed above were very uncooperative with CPD officers even though they were advised that their mother may be in danger. CPD officers did check the residence and did not locate Patricia or Kenneth at the location. Attempts at this time were still being made to contact Patricia by phone however they met with negative results. This officer then typed and signed charges for Burglary 2nd and Assault 3rd as per Richard's request and did respond to Nyack Hospital to go over the charges and deposition with Richard. Upon arriving at Richard's bcd in the emergency room I observed a woman who identified herself as Patricia Weiss. I asked her if she was OK and she stated that she was fine and did not want assistance. I asked if she would step outside for a moment while I discuss the charges with Richard and Richard advised her to stay. I then explained the charges and deposition to Richard who advised me that he was not taking any action without consulting his attorney first. I then asked Patricia if she would tell this officer her side of the story. Patricia stated that she was not going to talk with this officer about anything. However at one point Patricia stated it was a misunderstanding when this officer was talking to Richard. This officer then asked both parties if they had anything further to say before I leave at which time both parties refused to cooperate again.
